

Featured Speaker

Andrew W. Kelly, DDS, FAGD, AFAAID, DABOI

Dr. Kelly is a graduate of California State University Long Beach and received his Doctor Surgery degree from Howard University. He received his advanced implant training from the Core-Vent Institute in Encino, California, and the Medical College of Georgia in Augusta, Georgia. He is an Associate Fellow of the AAID, a Fellow of the American Academy of General Dentistry, a member of International Congress of Oral Implantology, a member of the American Academy of Cosmetic Dentistry. Dr. Kelly is a published author and has been a product evaluator for a leading dental implant manufacturer. Dr. Kelly was the dental director at Vencor Hospital in Los Angeles, California. He has lectured on dental implants and cosmetic dentistry. He owns and operates Cosmetic Dental Center, a private cosmetic center and implant dental practice. He is speaker and an advisor for Dental Office Solutions, a dental staffing, consulting, and training center for cosmetic, implant and other dental education.

Testimonials

“Thank you for one of the best seminars I have attended in a long time. The materials and lecture were first rate.

Dr. James R. Osborne, General Dentist,
Greensboro, NC

“Thanks, it was great! Dr. Kelly takes the “Scary” out of implants”

Dr. Eric Dollinger, General Dentist,
Asheville, NC

“Another great course by Dr. Kelly. It’s always fun and stimulating.

Dr. Jed Lambert, General Dentist
Waynesville, NC

Implant Dentistry Made Simple

**A Comprehensive Course of Implant
Surgery for General Dentists
Looking to Get Ahead!**

You are Invited To Attend:

Implant Dentistry Made Simple

2 Day Hands-On

July 17th & 18th

Dentsply Surgical Course:

This course is intended for dentists who want to integrate both the surgical and restorative phases of dental implants into their daily practice. Patient selection, treatment planning, critical anatomical structures when considering dental implants, and surgical placement, as well as restorative options with the Ankylos Implant System, are presented and discussed.

Course Content:

- ◆ Why Implants
- ◆ Anatomy and Important Structures
- ◆ Patient Selection, Diagnosis, & Treatment Planning
- ◆ Surgical & Restorative Principles
- ◆ Introduction to Surgical and Restorative Aspects of the Ankylos System
- ◆ Surgical and Restorative Hands-On: Every Participant can place their own implant.
- ◆ Live Surgery
